## **01. ESCAPE FROM HELL**

*music and arrangement: Mitheria*

*lyrics and vocal melodies: Rob Rock*

Life, spirit, hope, inception  
Pain, bearing, bliss, conception  
Breathe, waking, feed, infusion  
Live, loving, learn, confusion

Who made who, who controls the future?  
Days of wonder, nights of darkness  
Change your view, wisdom increases  
Leaving all to challenge weakness

Come, say your prayers, take your faith, conquer all  
Tell me, who can save you?  
Come take my hand, shadows fall, twist of fate

Vision, power, control, here we are...

You were fashioned by the grand design, you alone a mystery in time  
A spirit trapped inside a cage of flesh, born into a universal test of the ages

Call it fate or destiny, in your heart you hold the key  
Marching through the sands of time, the winds of change, the road of life  
Endure the dark to find the light, reaching for that endless sky,  
Choices made now plain to see, consequences meant to be  
Shine!

When the seasons change and the truth unfolds  
Will your path leave regret?  
Shine!

When the curtain falls and the veils removed  
Will you rise from the depths?

You, you feel it, don't deny in your conscience  
Hell, ever waiting, you and I are the victims  
Life, is a mist in the air, just a vapor  
Time, like a shadow disappears in the twilight

Come, say your prayers, take your faith - conquer all

Escape from Hell

Take, take my hand, shadows fall, twist of fate  
Escape from Hell

Say, say your prayers, shake your fear - hear the call  
Escape from Hell

Destiny is in your hands, got to shine and forge ahead  
Search beyond the paradox of life  
Escape from Hell  
Time will tell, the seasons change, beyond the realm the glory fades  
You'll never know until the last refrain  
Escape from Hell

## **02. THE ILLUSION OF ETERNITY**

### **Spring #1 - Allegro**

*arrangement: Douglas R. Docker*

*music: Antonio Vivaldi - Douglas R. Docker / lyrics: Douglas R. Docker*

I'm sitting beside my window  
I'm watching the sun as it glows  
And I know as you know  
New life begins today

I know this is just illusion  
This world is in deep confusion  
There's crying and dying  
But that's for another day

I'm sitting beside my window  
I'm watching the sun as it glows  
And I know as you know  
New life begins today

I know this is just illusion  
This world is in deep confusion  
There's crying and dying  
But that's for another day

There is life everywhere  
In the land, in the air  
In the water and trees  
Through the clouds and the seas

As I dance with the bees  
'Tween the wolf and the sheep  
See Creation unfold  
When the One is in control

No Satanic Mills today  
Now you'll hear A B C  
After D there's no E  
Yet today we live free

So this is life and life is now

I know this is just illusion  
This world is in deep confusion  
There's crying and dying  
But that's for another day

I'm sitting beside my window  
I'm watching the sun as it glows  
And I know as you know  
New life begins today

I know this is just illusion  
This world is in deep confusion  
There's crying and dying  
But that's for another day

I close my window and see  
That there is no future for me  
As the final chapter begins I say  
Let the wheel of life take another spin  
Since my bones grow old and weak

But now it's time for life to celebrate

The illusion of Eternity

As someone pulls up the shades  
I'm watching the sun as it fades  
And I know as you know  
My life must end today

I know this is no illusion  
My mind is in deep confusion  
I'm crying and dying  
As new life saves the day

Now it's time for life to celebrate  
Eternity must die for life  
This is life

*music: Antonio Vivaldi - Tomas Varnagiris / instrumental*

[part 2] **Light** | *arrangement: Zhivko Koev*  
*music: Antonio Vivaldi - Zhivko Koev / lyrics: Douglas R. Docker*

#### **part 1: Darkness**

[instrumental]

#### **[part 2] Light**

Dall'oscurità, vita!  
Lame nell'oceano  
Ah! Nascere!  
Liquido che va, aria!  
Oh divinità!  
Piango anche per te

I take form in my mother's womb  
Cells keep splitting into something new

Hands and feet in the liquid sea  
While my eyes and ears still can't see or hear

Dall'oscurità, vita!  
Lame nell'oceano  
Ah! Nascere!  
Liquido che va, aria!  
Oh divinità!  
Piango anche per te

My life begins, it's the great mystery  
Lungs fill with air and my eyes open wide  
The future before me, the world lies at my feet  
No past to scar my present, so good to be free

Dall'oscurità, vita!  
Lame nell'oceano  
Ah! Nascere!  
Liquido che va, aria!  
Oh divinità!  
Piango anche per te

Learning life one day at a time  
Learning fear and love and humankind  
Infinite space before me still shines  
Nothing seems impossible, this world is mine

Luce dall'oscurità  
Primavera libera  
Ah! Nascere!  
La mia libertà, viva!  
Oh divinità!  
Ridi tu con me

From the dark, entropy  
From the light, energy springs free  
Atoms form endlessly  
Matter's born from the will to live

## **05. SUN OF GOD**

*Summer #1 - Allegro non molto*

*arrangement: Mistheria*

*music: Antonio Vivaldi - Mistheria / lyrics: Douglas R. Docker*

I crawl out from the mud  
The clay of my body comes to life  
Perfect design  
Of body and mind  
Memory sharp  
My brain is a shark

I was created for a purpose  
To rule the world and conquer the weak  
Bow to me, chain the free, fist of steel  
Rise Apollo rule the world

Feel the Sun of God heat the world  
Hear the Son of Man fill the world  
Now the struggle's behind  
No tangents collide  
No limits can be achieved  
True, the future is bright when you are twenty-one

The arrogance of youth  
    Is something to behold  
Energy unbound  
    No wisdom to be found  
The mind is razor sharp  
    Still looking for some heart  
Egos that collide  
    This labyrinth of thine

When you're 21  
You're only 21  
The mistakes you have to make  
Rites of passage you must take  
Someday you will make the grade

When you're only 21 the world  
Is just an oyster to be cracked  
Devoured still alive  
Your fangs are open wide  
Till you're so sick you'll die

So grab life and squeeze it hard  
Till it squirms in your hand  
Twenty-one!

## **06. IMMORTAL SOUL**

### ***Summer #2 - Adagio***

*arrangement: Zhivko Koev*

*music: Antonio Vivaldi - Zhivko Koev / lyrics: Douglas R. Docker*

Ten years have gone  
And the arrogance of youth is lost  
It's slowly come undone

The need for stability  
For security  
In your mind

Child, as you enter the world  
You're changing my life  
The miracle unfolds before me  
As you set me free from myself

The center no more  
I now live to serve and protect

This child of ours

To feel this love  
No more selfish mistakes

Your hand grabbed my finger  
You smile full of love  
Your eyes pierce my heart

I feel alive in the mystery of your presence

He feels your love  
Immortal soul for a day  
Survival is in your hands  
The miracle, this child of ours

The center no more  
I now live to serve and protect

This child of ours

To feel this love  
No more selfish mistakes

The center no more  
I now live to serve and protect

This child of ours

To feel this love  
No more selfish mistakes  
To feel this love  
For this child of ours

My soul soars free  
In control  
As in an endless glow

Irradiare  
Energia

## **08. THE AGE OF DREAMS**

*Autumn #1 - Allegro*

*arrangement: Frank Caruso*

*music: Antonio Vivaldi - Frank Caruso / lyrics: Douglas R. Docker*

I'm about to hit the midlife point  
A state of flow  
As galaxies glow  
No eternity  
Forever can't it last?  
Though so much has passed?

My first glimpse into the end  
Mortal man defined  
Still unfocused and so blurred  
The end of the line

Cracks appear over my armor shell  
The wishing well

For whom rings the bell?  
Gone infinity  
The age of dreams at last  
Has now come to pass

My first glimpse into the end  
Mortal man defined  
Still unfocused and so blurred  
The end of the line

### part 1: The Abyss

[instrumental]

### part 2: Canto

Canto per te  
la mia vita divina!  
Se vivo per te  
mai morirò!

### part 3: Golden Number

Fibonacci sequence

Golden Mean  
Is the circle complete?  
Tell me now  
The spiral has grown  
The spiral has shrunk

The section divine  
Defines my life

Numbers form and deform  
Defy the norm  
Of my life

I live the Golden Number  
It gives meaning to this age  
See the spiral swirl  
The age of perfection is today

Fibonacci sequence

Alchemy  
Oh, the great work  
A grandson was born  
Life goes on  
Without my help  
And now the spiral has grown  
The section divine

Numbers form and deform  
Defy the norm  
Of my life

I live the Golden Number  
It gives meaning to this age  
See the spiral swirl  
The age of perfection is today

Numbers form and deform  
Defy the norm  
Of my life

I live the Golden Number  
It gives meaning to this age  
See the spiral swirl  
The age of perfection is today

Fibonacci sequence

See homunculus rise again  
As the Golden Mean spirals  
Transmutation is metallic

At the Silver Gate's arrival

## **11. THE MEANING OF LIFE**

**Winter #1 - Allegro non molto**

*arrangement: Pawel Penksa*

*music: Antonio Vivaldi - Pawel Penksa / lyrics: Douglas R. Docker*

The days are getting cold

My body growing old

My working days are gone

So where do I belong?

I, am I getting so blind? I cannot follow my fate

Now, the hour is getting so late, so late for painful regrets

Each second seems so loud

As a hammer inside!

The secrets of my youth

Are calling me too soon

The final chapter looms for me

Tell me the meaning of living and dying

Tell me...

Give me the meaning of life

the meaning of life

I feel the path of love

It pushes me hard as rock!

There's no meaning to life

Other than the ones you love  
Put your chips on today  
There is no tomorrow  
There's no other way  
No matter how much time you've got to live  
The ones you love are really all that you need  
You might be old but there is much  
So much to give, before the end...

Tell me the meaning of living and dying  
Give me the meaning of life  
I feel the path of love  
It pushes me hard!

Tell me the meaning of living and dying  
Give me the meaning of life  
I feel the path of love  
It pushes me to rock!

## **12. THE FINAL HOUR**

### ***Winter #2 - Largo***

*arrangement: Yannis Androulakakis*

*music: Antonio Vivaldi - Yannis Androulakakis / lyrics: Douglas R. Docker*

Time to face my final hour  
Celebrate my life with a vengeance

See my final day

Time to face my final hour  
I celebrate my life with a vengeance  
I'm blind and barely hear what you're saying

Yet energy flows through my veins  
Although I seem insane, wisdom still in my brain  
In my heart there is joy, the gift of my life  
No regrets I did give my best

Time to face my final hour

I celebrate my life with a vengeance  
I'm blind and barely hear what you're saying  
My heartbeat fading with every breath

Yet energy flows through my veins  
Although I seem insane, wisdom still in my brain  
In my heart there is joy for life

Time to face my final hour  
I celebrate my life with a vengeance  
I'm blind and barely hear what you're saying

Yet energy flows through my veins  
Although I seem insane, wisdom still in my brain  
In my heart there is joy, the gift of my life                      Joy  
In my heart there is joy, the gift of my life                      For  
Joy for the gift of life!    The gift of life!

### **13. GRANDE MADRE**

*Winter #3 - Allegro*

*arrangement: Zhivko Koev*

*music: Antonio Vivaldi - Zhivko Koev / lyrics: Douglas R. Docker*

MOTTHANATOS

YAMARAJA

HELSAMAEL

MORSAZRAIL

MAHAKALA

GRANDE MADRE

The Queen of Death with swords for wings  
I hover above you, my black cloak surrounds you  
The harvest of sorrows, the mother of darkness  
I rip out your soul, your body a shell  
The infinite river, behold the Grim Reaper

Grande Madre

Va alla sorgente

Ah! Insieme

Eternamente

Open Hell, day of the dead

The mistress comes and is cutting your thread

Frozen time, you spin and unwind  
Eternity must rise

Grande Madre  
Va alla sorgente  
Ah! Insieme  
Eternamente

Wide and dark, the tunnel of death  
The lady of sorrows collects your last breath

Frozen space, your cynical smile  
Infinity reviled

Grande Madre  
Va alla sorgente  
Ah! Insieme  
Eternamente

In eternità  
Vita per sempre  
Ruota mistica  
Eternamente

In eternità  
Vita per sempre  
Ruota mistica  
Eternamente

This last breath of life, this last breath of life  
The transmission of knowledge  
All the ones I loved, all the ones I loved  
I shall live through their mem'ries

MOT! HEL!  
YAMARAJA!  
THANATOS!

MORS EST VITA MEA  
VIVIT AETERNITAS

## 14. DOOMSDAY

[part 1] **Skyfall** | *music, arrangement and lyrics: Mistheria*

[part 2] **Doomsday** | *music and arrangement: Mistheria / lyrics: Lance King*

[part 3] **Resurrection** | *music, arrangement and lyrics: Mistheria*

### part 1: Skyfall

Doomsday!

E' il mio giorno  
Sto morendo nel mio cuor  
E' il tuo giorno  
Sei immortale  
Devi dire cosa tu vuoi dalla morte  
Ritornar dopo questo giorno  
per vivere le tue stagioni!

### part 2: Doomsday

Now...when our end has arrived  
We return to the earth  
Yet there's still more of life to live...  
Have we all been allowed  
To be who we will be  
Past or eternity...

In our early years we are told truth  
Flowing lots of tears, dreams pulled from root

Conditioning strong, or we are wrong  
What will it take for us  
To reprogram our song?

I won't live in your hell anymore, that's your dream.  
I will dream a better dream...  
I will create my own personal heaven.

I... I only want to dance, it's what I love to do

It's sets my soul on fire, but dad says stay in school

I'm not sure what to do... I'm not sure what to be  
I don't know who I am, never lived life authentically.

Music that's all I need is music  
play everyday on more music  
That's all I need is music  
play everyday

You should be studying...  
don't waste your time  
on those silly dreams

It's time I find myself, it's time I make a stand,  
I know now who I am, you cannot spoil my plan

My soul yearns to be more happy, creative, to bring joy to others  
I won't allow you to control my dreams, or manipulate or control me  
I will create my own Heaven on Earth

And now, when our doomsday has come  
Will we rise in the sky  
Or will we fall below the ground  
Reviewing the seasons of life  
Regardless of love or strife  
We enter eternity...

### *part 3: Resurrection*

Le quattro stagioni  
Non dimenticar  
Non c'è fin  
Al cammin  
Della vita  
Superar l'eternità  
Eternità!

## BONUS TRACK

### 15. BEYOND ETERNITY

*Arrangement based on the Giacomo Puccini's aria "E lucevan le stelle"*

*arrangement: Mistheria*

*music: Giacomo Puccini - Mistheria / lyrics: Luigi Illica, Giuseppe Giacosa, Mistheria*

*(Original old/modern Italian language lyrics)*

*(Literal translation for your understanding)*

E ti perdo nel sogno  
ti ritrovo nel giorno  
quando il sole si alza  
e mi scendi nel cuore  
quando cala la notte ...

I lose you in my dreams  
I find you in the day  
When the sun rises  
And you come down into my heart  
When night falls ...

E lucevan le stelle  
e olezzava la terra,  
stridea l'uscio dell'orto  
e un passo sfiorava la rena.  
Entrava ella, fragrante,  
mi cadea fra le braccia.

And the stars were shining  
And the earth was scented.  
The gate of the garden creaked  
And a footstep grazed the sand...  
Fragrant, she entered  
And fell into my arms.

Oh! dolci baci, o languide carezze,  
mentr'io fremente  
le belle forme disciogliea dai veli!  
Svani per sempre il sogno mio d'amore...  
l'ora è fuggita,  
e muoio disperato,  
e muoio disperato!  
E non ho amato mai tanto la vita,  
tanto la vita!

Oh, sweet kisses and languorous caresses,  
While feverishly  
I stripped the beautiful form of its veils!  
Forever, my dream of love has vanished.  
That moment has fled  
and I die in desperation,  
And I die in desperation!  
And I never before loved life so much,  
Loved life so much!

Ti persi come il vento va nel cielo  
mi manca il sole  
ferito dal dolore  
ti cerco in questo mare ...

I lost you like the wind flies in the sky  
I miss the sun  
Wounded by the pain  
I search for you into this sea ...

E non ho amato mai tanto la vita,  
tanto la vita!

And I never before loved life so much,  
Loved life so much!
